3. *Purposes for which licence granted.*—A licence may be granted for the purpose of supplying toddy to shops or tree-foot booths, for retail sale.

4. *Period of licence.*—Unless specific orders are issued to grant licences for a shorter period, a licence shall ordinarily be granted for a period of one year from the 1st day of April to the 31st day of March next following (both days inclusive) in the Ahmednagar District and the Ratnagiri District and from the 1st day of August to the 31st day of July next following (both days inclusive) elsewhere :

Provided that a licence granted on a date subsequent to 1st April or 1st August as the case may be, shall be granted only for the period from such date to the 31st day of March or the 31st day of July next following, as the case may be.

5. *Application for licence.*—Any person, who has obtained a licence to sell toddy by retail at a shop or a tree-foot booth, or obtained from the Collector permission in writing, for using toddy for domestic consumption may make an application for a licence to the licensing authority at least fifteen days previous to the date of tapping

a tree. Such application shall be in triplicate in Form " A ". It shall be accompanied by a Treasury challan in duplicate showing that the instalment of duty required by rule 14 or 14A has been paid :

Provided that an application for tapping trees situated on Government forest lands shall be in quadruplicate :

Provided further that trees situate in the areas in charge of different Excise Inspectors or trees, toddy from which is supplied to different shops or booths shall not be included in one and the same application.

6. *Particulars to be furnished by applicant.*—The applicant shall (in addition to the information to be supplied in Form " A ") furnish to the licensing authority the following information, namely :—

(1) In the case of a licence for the purpose of supplying toddy to the applicant's toddy shop—

(*a*) when the number of trees to be tapped within a prescribed limit of a city or town for the supply of toddy to the applicant's shop outside the city or town has been fixed by the Collector—

(*i*) details regarding the trees which are within the limit, and

(2) In the case of a licence for the purpose of supplying toddy to the applicant's tree-foot booth—

(*a*) details regarding the location of the booth ;

(*b*) the distance of the booth from the trees if the trees are not in the same part or survey number ; and

(3) In the case of trees belonging to Government, a certificate from the Government Department concerned to the effect that the applicant has been granted permission to tap the trees.

(4) A statement to the effect that to the best of his knowledge the trees do not fall within an area where tapping of trees has been prohibited by Government or where the trees so fall, the applicant has been allowed to tap the trees under Government memorandum/letter No. dated .

7. *Disposal of application.*—(1) On being satisfied that the applicant has fully complied with the provisions of rules 5 and 6 and that the particulars furnished by him are correct, the licensing authority shall, unless he sees any objection, endorse under his signature the duplicate and triplicate copies of the application authorising the applicant to mark and number the trees in accordance with rule 8 or 9, as the case may be, and to tap them. If the licensing authority is of the opinion that there is any objection to tapping any of the trees mentioned in the application, he shall allow the applicant to mark, number and tap those trees only the tapping of which is free from objection, in which case the licensing authority shall endorse the duplicate and triplicate copies of the application accordingly and inform the applicant that he may select other trees in lieu of the trees objected to

and make a fresh application in respect of the same. Where such licensing authority is subordinate to the Collector, he shall immediately report to the Collector the reasons for his refusal to grant a licence in respect of all or any of the trees objected to, to enable the Collector to pass orders on any appeal filed by the applicant in this behalf.

(2) The licensing authority shall after entering in red ink the serial number of the licence as entered in the Register maintained under rule 11 on all the copies of the application and on the Treasury challans, return the duplicate copy of the application to the applicant and forward the triplicate copy with a copy of the Treasury challan to the Excise Inspector in charge of the area where the trees are situated, for examination of the trees as required by rule 13. In the case of trees situated on Government forest lands the licensing authority shall retain the certificate furnished to him under clause (3) of rule 6 and after making a remark to that effect on all the copies of the application return the duplicate and quadruplicate copies of the application to the applicant for presenting them to the Forest Officer in charge of the Range as required by rule 9.

8. *Marking and numbering trees.*—(1) Within ten days from the date on which the applicant is authorised to mark and number the trees permitted to be tapped (hereinafter referred to as the said trees), under sub-rule (1) of rule 7, the applicant shall proceed to mark and number the said trees by means of a stencil or otherwise, as the Director may from time to time direct, with paint previously approved by the Superintendent of Excise.

(2) The following instructions shall be observed in marking and numbering the trees, namely :—

(*a*) Licences of a kind shall be numbered serially, and the following letters shall denote the kinds of licences, namely :—

S—Shop.

T—Tree-foot booth.

(*b*) The marking shall be in Form " B " and indicate on each of the said trees the year, the consecutive number of the licence, its distinctive letter " S " or " T ", as the case may be, and the number of the trees and where the toddy drawn therefrom is to be supplied to shops outside the district, also such additional mark or marks as the Superintendent of Excise may direct in this behalf.

9. *Marking and numbering of trees in Government forest lands.*—When the said trees are situated in Government forest lands, the licensee shall present the duplicate and quadruplicate copies of the application to the Forest Officer in charge of the Range within whose jurisdiction the said trees are situated, and obtain back the duplicate copy from the Forest Officer in charge of the Range endorsed and dated to acknowledge receipt of the quadruplicate copy. The Forest Officer in charge of the Range shall retain the quadruplicate copy with him. The licensee shall then settle with the Forest Officer in charge of the Range the date on which he should mark and number the said trees under his supervision. If, for a period of seven days from the date settled by the licensee the Forest Officer in charge of the Range does not present himself for supervising the marking and numbering of the said trees, the licensee may proceed to mark and number them in his absence in the manner provided in rule 8.

10. *No tapping of trees not marked and numbered, and no exchange of trees.*—The licensee shall not tap or cause to be tapped or drawn toddy from any of the said trees until the said trees have been marked and numbered in the manner provided

in rule 8 or 9. The licensee shall not tap, or cause to be tapped, or draw toddy from any tree not permitted to be tapped. The licensing authority shall not permit any trees to be tapped in exchange for the said trees on the ground that the said trees have proved barren or unproductive of toddy at any time during the period of the licence. No exchange of the said trees shall be permitted on any other ground except with the permission of the Director.

11. *Toddy Register.*—(1) The licensing authority shall maintain a register in Form " C " in which he shall enter the full particulars of all applications after they are verified by him as required by rule 7. On receipt of the challans he shall also note in the register the dates of payment, and the amount of duty actually paid by each licensee under rule 14 or 14A. The Excise Inspector shall also maintain a similar register of toddy trees.

(2) The licensing authority shall, from time to time, examine the register to see that the instalment of duty due from each licensee has been paid, and in case of default he shall take immediate steps to recover the arrears with interest due thereon from the licensee.

12. *Preparation of licence.*—After entering the particulars of the application in the register under rule 11, the licensing authority shall prepare a licence and after signing it himself, forward it to the Excise Inspector concerned for delivery to the applicant.

13. *Examination of trees by the Excise Inspector.*—(1) The Excise Inspector shall take the earliest opportunity to visit the oart, plantation, survey number or other place where the said trees are situated, and examine the said trees and satisfy himself that the provisions of these rules have been duly complied with.

(2) If during the examination of the said trees, the Excise Inspector notices any minor irregularity in the marking or numbering of the said trees, he may ask the licensee to rectify it. But if the irregularity on the marking, numbering, or tapping of the said trees, or in marking the number and distance of the said trees from the booth is so material as not to be remedied by mere rectification, he shall bring the irregularity to the notice of the Superintendent of Excise.

14. *Payment of duty.*—(1) The licensee shall, before making an application under rule 5, pay into a Government Treasury one-third of the total duty leviable in respect of the said trees at the rate fixed under section 109 (*1*) of the Act :

Provided that if an application is made on any date after the 1st day of April in the Ahmednagar District and the Ratnagiri District or the 1st day of August elsewhere, the licensee shall pay as the first instalment an amount equal to the aggregate of the instalments that would have become payable had the licence been granted from the 1st day of April or the 1st day of August, as the case may be, and shall pay the subsequent instalments, if any, on the dates specified in sub-rule (2) and in the manner specified in sub-rule (3).

(2) Of the remaining two-thirds of the duty, one-third shall, in the Ratnagiri District, be paid on the 1st day of August and the remaining one-third on the 1st day of December an elsewhere on the 1st day of December and the 1st day of April respectively :

Provided that the licensee may, and if the licensing authority so directs, in any case, shall, pay the full duty in advance.

(3) The licensee shall pay the second and third instalments of the duty direct into the Treasury of the Chief Account Officer of Excise or the Huzur or Taluka Treasury according as the licence pertains to Bombay or mofussil, by presenting a challan in triplicate. The Treasury Officer shall forward one copy of the challan to the Excise Inspector concerned, and in Bombay to the Superintendent of Excise, Bombay, return the second copy to the licensee and retain the third copy on his record.

14A. As licences for the sale of toddy and tapping licences will ordinarily be granted only for a period of eight months ending 31st March 1950 for the year 1949-50 in the districts other than the Ahmednagar District and the Ratnagiri District, the licensee in a district other than these two districts shall, before making an application under rule 5, pay into a Government Treasury one-half of the total annual duty leviable in respect of the said trees at the rates fixed under sub-section (1) of section 109 of the Act; the remaining one-half of the duty shall be paid on or before 30th November 1949 :

Provided that if an application is made on any date on or after the first day of December 1949, the licensee shall pay the full annual duty leviable in respect of the said trees before making the application.

15. *Liability to pay interest on duty overdue.*—The licensee shall pay interest at such rate as Government may from time to time direct on all instalments of duty not paid by him on the dates specified in rule 14 or 14A, as the case may be. Any payment made by the licensee, shall, unless the Director otherwise directs, be appropriated, first towards the payment of the interest, if any, and the balance towards the payment of the instalments.

16. *Liability of the licensee to pay the full duty leviable.*—The licensee shall pay the full duty in respect of the said trees irrespective of the fact whether the trees have actually been tapped or not, and save as provided in rule 17, shall not claim any refund of duty paid by him under rule 14 or 14A.

17. *Refund of Duty.*—The applicant shall, on application, be entitled to the refund of so much of the duty as has already been paid by him in respect of tree tapping of which is found objectionable by the licensing authority, and in respect of which a licence has not been granted. A copy of the Treasury challan in respect of the duty paid by him shall be attached to each application for refund.

18. *Time for tapping trees and drawing toddy therefrom.*—A tree shall not be tapped nor shall toddy be drawn therefrom before 4-30 a.m. (S. T.) or after sunset and toddy drawn from a tree shall not, without the written permission of the Collector or the Superintendent of Excise concerned be removed after 8 p.m. (S.T.).

19. *Transport of toddy under a pass and issue of Nokarnamas.*—The licensee shall tap the trees and remove toddy drawn therefrom only under cover of a transport pass in form " D ", issued either by himself or by an agent or servant duly authorised by him in this behalf by a written nokarnama signed by himself and countersigned by an Excise Officer not lower in rank than a Sub-Inspector :

Provided that, any such nokarnama signed by the licensee shall also be valid unless and until countersignature is refused. If for any reason the Collector orders the withdrawal of any nokarnama issued by the licensee, the nokarnama shall be forthwith withdrawn. For every nokarnama issued by him the licensee shall pay such fee as may from time to time be prescribed for this privilege by the Director under clause (*b*) of section 144 of the Act. The person authorised to tap the said trees and transport toddy under this rule shall, whenever so employed, carry in his possession a copy of the nokarnama certified under the

signature of the aforesaid officer. No nokarnama shall be issued to any person under twenty-one years of age.

20. *Tapping of additional trees.*—(1) A licensee who is desirous of obtaining permission to tap additional trees during the currency of his licence shall forward an application in Form " A " to the licensing authority together with his licence and comply with the provisions of rules 5, 6, 14 and 14A in so far as they are applicable in respect of the additional trees covered by the application. The licensee shall also furnish the following additional information, namely :—

(*a*) If the toddy drawn from the additional trees is to be supplied to his shop, the licensee shall attach a certificate from the Superintendent of Excise concerned to the effect that he has no objection to the permission being granted for tapping additional trees covered by the application.

(*b*) If the toddy drawn from the additional trees is to be supplied to his tree-foot booth the licensee shall attach a statement that the number of additional trees together with those already licensed to be tapped does not exceed the maximum number of trees fixed for his tree-foot booth.

(2) The licensing authority shall dispose of the application in the manner provided in rules 7, 11 and 12 and after satisfying himself that the provisions of sub-rule (1) have been complied with, may grant the permission. If the licensee is permitted to tap any additional trees, he shall mark and number them as required under rule 8 or 9, as the case may be, and comply with the provisions of rules 10 and 14 or 14A as the cas may be :

Provided that the licensing authority shall, instead of preparing a fresh licence, endorse on the licensee's licence in red ink that the licensee has been permitted to tap and draw toddy from the additional trees specified in the endorsement.

20A. *Permission to tap trees after expiry of licence.*—If a licensee makes an application to the licensing authority for permission to tap the trees in respect of which he was granted the licence after the expiry of the period of his licence at the end of the year, he may be permitted for special reasons to do so for a period not exceeding one month during the next succeeding year, if he pays in advance into a Government Treasury duty at the rate prescribed by Government in that behalf.

21. *Transfer of licence.*—No licence shall be transferred to the name of another person without the sanction of the Collector :

Provided that neither the licensee nor the transferee shall be entitled to claim any refund of duty if the transfer of a licence is refused, or a reduced number of trees is sanctioned while transferring the licence :

Provided further that the heir or legal representative of the licensee or of the transferee, as the case may be, shall have no claim to the transfer of the licence in his name.

22. *Suspension and cancellation of licences.*—The licence shall be liable to be suspended or cancelled in accordance with the provisions of sections 54 and 56 of the Act.

23. *Additional restrictions not provided for in these rules.*—Trees tapped in an area where the rate of duty is lower for supply of toddy to shops in an area where the rate of duty is higher shall be subject to such additional restrictions, as the Director may, from time to time, impose either generally or in individual cases.

24. *Saving.*—Nothing in these rules shall—

(i) apply to Nira, or

(ii) affect the operation of any special rules for the tapping of trees for any purpose other than those specified in rule 3,
